The difference in each case is so manifest, the market loss so very apparent, that surely such an error once so convincingly brought home will never be repeated. Or the packing may be defective—here are oranges that have traveled far without damage, shown as they should be packed; close bars others that are bruised and broken, simply because they were improperly packed, as the eye guided by contrast can tell at a glance. Fighting was reported to be in progress yesterday to the east and south of Liao Yang. The Russian losses in the battle of the 26th are estimated at upwards of 1,000. The Japanese also lost heavily. There is a full in operations at Arthur. Tokio is disappointed at the failure to capture the fort, but there is no intention, it is said, of abandoning the attack as the city falls. The present condition of bombardment is for the purpose of allowing the men to round and completing preparations for heavier attack.

## CHANGE OF TRAINS.

Extension of "Run" to Paintsville  
In Effect.

The guessing is all over and the  
dream is a reality. All trains on  
the Big Sandy division are now  
running into Paintsville. The new  
arrangement went into effect yes  
terday.

Two passenger trains each way  
are now in use, under charge of  
Conductors Meyers and Blevins.  
The latter leaves Paintsville at  
5 a. m. daily (except Sunday) reaching  
Louisa at 7:05 and Ashland at  
8:25. Returning leaves Ashland  
4 p. m., Louisa 5:22, arriving at  
Paintsville 7:12.

Meyers' train leaves Ashland 7  
a. m., Louisa 8:22, Peach Orchard  
9:26, arriving at Paintsville 10:55.  
Returning leaves Paintsville 12:15  
p. m., Louisa 2:15, arriving at Ash  
land 3:50.

In some respects the schedule is  
hardly as convenient for Louisa  
people as before, but it has other  
advantages and is a very good ar  
rangement.

## School Will Open Monday.

The Louisa Graded School will  
open Monday with an efficient  
body of teachers and promise of a  
successful term.

Prof. C. C. Hill will be Superin  
tendent and Principal, and assist  
ants will be Misses Matie Wallace  
and Hannah O'Brien, Mrs. C. J.  
Carey and Mrs. Chas. Rice. All of  
them are well known to the Louisa  
people as efficient teachers. The  
assignment of grades has not yet  
been made to the teachers, but will  
be done at once.

Prof. Hill is not only well versed  
in the text books, but is a gentle  
man of wide general information  
and reading, a man of the highest  
character, and a faithful, con  
scientious worker for the good of the  
community. Since leaving Louisa  
he has passed an examination before  
the State Board and received  
what is practically a life certificate.

The assistants are all experi  
enced and successful teachers. The  
outlook is very encouraging for the  
present year and all parents should  
co-operate with the teachers in the  
efforts which they will undoubtedly  
make to get the best possible re  
sults.

The grounds and building are be  
ing cleaned up.

## Fatal Accident at Chestnut.

What will probably prove to be  
a fatal accident occurred at Chest  
nut station on the C. & O. Ry.  
Sheriff kept out \$589 commission on it  
passed through him. The attorn  
y who brought the and collected the money as  
asked 20 per cent. The question  
of the attorney's fee was passed until Oc  
tober term by a vote on which  
the magistrates were a tie, the  
voting to delay the matter. All  
the available money was set  
to be used in paying off the  
claims which are drawing in.

G. W. Gunnell has pur  
chased portion of Carpenter's resi  
dence in Catlettsburg and will begin  
erection of a residence at He  
expects to have it com  
plete within three months and will  
make it as soon as it can be put  
readiness. The building will  
have two stories with basement at  
the entire house. The decision  
move to Catlettsburg was the re  
quest of Mrs. Carpenter's death.  
Gunnell will retain his inter  
est here at least until he can dis  
pose of them to advantage. It is  
his about to close a deal with  
L. M. Copley.

"Scotty," as he was familiarly  
called, was a stone cutter, well  
known in Louisa. His widow, who  
was a stone cutter, well  
known in Louisa, who  
was very recently, at Sher  
iff's, a sister of Chilt. Os  
prenter, of Blaine. Besides his wid  
ow, there is an infant only a  
few or two old.

Angora Goats.

Our first page is a cut show  
flock of Angora goats belong  
to H. N. Fischer, at Webbville,  
County. He has 500 of these  
staple animals. They are kept  
all such growth down. He  
receives many inquiries from par  
ticipating goats, but is selling  
a few yearling bucks, at \$25  
each. Also, a few of this spring's  
buck, at \$15 to 20. The does sell  
on market from \$4 to \$15. Mr.  
Fischer says he paid \$10 each for  
dozen \$50 for bucks. The deer  
from Fischer's goats is bring  
ing 20c to 50c per pound.

N. Sunday will complete the  
fourth pastorale of Rev. Dr. J.  
M. and at Louisa and every  
body invited to attend the "fare  
well" services on that day. He  
and Boland will leave here on  
Monday for Fairmont, W. Va.,  
where Annual Conference will  
convene Wednesday.

The Bonsib, the "Flying Dutch  
man from Indiana", lectured Tues  
day and Wednesday nights at the  
Baptist Church on Prohibition  
and other phases of the temper  
ance question. Mr. Bonsib does  
not pose as an orator, but he is cer  
tainly a very forcible and original  
speaker.

William A. Folger and son, of  
Ashland, were in Louisa this week.  
They, with Mrs. Folger, recently  
spent some time at the St. Louis  
Fair. During their visit in that  
city some relief was given them of  
a large suit case filled with good  
clothes.

Notice.

There will be an election of Trus  
tees held in each school district in  
Lawrence County Oct. 1st, 1904.

Hannah L. Lockett,  
School Superintendent.

M. E. Church, South.

This church, speaking through  
and by its official board, desires at  
this, the fourth Quarterly Conference  
of the fourth year of Dr. J. M.  
Boland's pastorate, to say:

That his entire ministry has been  
exceedingly pleasant and satisfac  
tory. His preaching the highest  
type of old-fashioned, pure gospel  
sermons, earnest, grand and elo  
quent.

He has been faithful and true in  
all the duties of a minister of  
Christ—in the Sunday school, Ep  
worth League, prayer meeting,  
missionary and temperance work;  
in the sick room, around the dying  
couch, at the funeral; ever com  
forting the bereaved and sorrow  
stricken. In this ministry and pas  
torate work his good wife has been  
a faithful helpmeet, a co-worker  
with him for Christ and the church;  
and as they leave us we can do and  
say, "Servants of God, well  
done."

We would gladly keep them four  
years more, but as the law of the  
church forbids their return, all we  
can do is to follow them wherever  
sent with our earnest prayers.

R. T. BURNS, Sec.  
Louisa, Ky., Aug. 29, 1904.

## County Fair.

The Lawrence County Fair will  
be held this year early in October.  
Let all the farmers prepare to bring  
exhibits. The officers will attempt  
to improve the fair each year. It  
requires a lot of work on their part,  
without any compensation.

There is one point upon which  
many of the people should change  
their idea. This is in regard to  
premiums. Many seem to think  
the only object is to obtain as large  
a premium as possible, for the  
value of the premium itself. The  
Fair Association does not and could  
not attempt to pay premiums of  
much value, as the money is raised  
by contribution. The object is to  
improve farming conditions by  
showing the excellent and varied  
quality of products that may be  
produced in this section by proper  
methods and thus stimulate our  
farmers to greater efforts. This is  
the higher view which we hope to  
see our people take of this move  
ment. All should take an interest  
and exhibit some of their best pro  
ducts for the good of the farming  
interests, regardless of whether or  
not they would likely secure pre  
miums.

The grounds and building are be  
ing cleaned up.

## Gas in Cassville.

Our cousins across the Sandy are  
really coming out. The iron horse  
will soon be snorting at their very  
doors, scaring the frogs in Mill  
Creek and waking the babies in  
Slabtown, and the Standard Oil  
Company is to be routed by the  
Triple State Gas people. Well, the  
good people of our sister village  
will find gas to be a good thing.  
It's handy, cheap and clean. Even  
if they have coal at their very  
doors gas is infinitely better in  
every respect. By all means light  
your streets with it. Put in a lamp  
like ours, which can not be im  
proved, and have a system of lighting  
which, unlike ours, will furnish  
a clear steady light.

## Baptist Association.

The Greenup Association of Bap  
tist Churches will meet with the  
Church at Louisa next Wednesday  
and continue in session three or  
four days. Within the bounds of this  
Association there are about  
thirty-five churches, and all, or  
nearly all of them will be repre  
sented at this meeting. There are  
representatives of all of them.

Misses Gypsie and Stella Shan  
non, of Ira, have been visiting  
Misses Alma and Hester Boggs.

Dr. and Mrs. L. H. York, of Cass  
ville, have been visiting their  
daughter, Mrs. A. W. Bromley.

John McConnell, of Catlettsburg,  
was here this week the guest of his  
aunt, Mrs. F. B. Thomas.
